CERTIFICATIONS

TOEFL iBT certificate

A brief course to prepare for TOEFL iBT certificate. 89 points

Online Classes

It is important for me to stay up to date with the newest topics in the field of IT. In computer programming it is also important to have a general overview and a hands-on experience on them. Therefore, besides intense article studies, I also keep myself up to date with online classes.

- Collaborate with product teams to develop and support various projects
- Worked through different solutions stacks and frameworks like Bootstrap, Java MVC and LAMP
- Experience with various databases SQL Server, IBM Db2, MySQL
- Added new features regarding new insurance policies of the company
- Front-end development of social app for an italian client

SUMMARY

Highly motivated team player with training and practical experience. Committed to achieving an employer's objectives. Strong work ethic. Computer literate. Energetic, productive and goal oriented.

HOBBIES

Passionate for all things open source. On my free time I like to tinker with old hardware and getting them back to life. My preferred workflow involves very little interaction with mouse or GUI. Other hobbies include football and table tennis.
